PLANET DEFENSE LLC APPOINTS NEW PRESIDENT & CEO

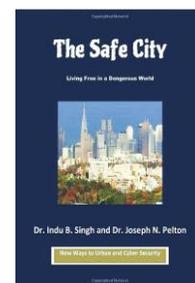

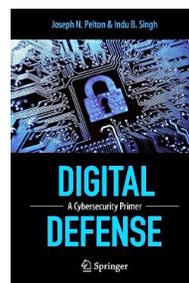

INNOVATION — INTEGRATION — SECURITY

WASHINGTON, D.C. (May 15, 2017) — Planet Defense LLC – a leading global force in Cybersecurity as well as in Systems Engineering and Consulting based in the Washington DC Metro area – is very pleased to announce the appointment of Dr. Indu B. Singh as President and Chief Executive Officer effective May 15, 2017.

“We are pleased to have Dr. Singh lead Planet Defense into the future,” said Larry Fetzer, Director at Planet Defense. “Indu is a well-recognized Cybersecurity expert with extensive global experience in numerous areas within the public and private sectors. Under his competent and decisive leadership, Planet Defense employees and partners are looking forward to growing the company rapidly.”

Dr. Singh has over 25 years of experience working in more than 40 countries providing public and private sector clients with highly-specialized Business, Consulting, Engineering, and Training services that involved Border Security, Communication Infrastructure, Cybersecurity, Homeland Defense, Intelligent Transportation Systems, and Smart & Safe Cities. For the past 15 years, he has worked at leading companies such as Deloitte Consulting, General Dynamics Information Technology and BearingPoint (formerly KPMG consulting). Dr. Singh additionally founded and functioned as President and CEO for two engineering and IT companies earlier in his career. He also formed an internet firm with other investors and later took the company public.

His two recent books respectively focused on Cybersecurity and Smart Cities have gained significant recognition with his clients worldwide. These two books entitled: *Digital Defense: A Cyber Security Primer* and *Safe City: Living Free in a Dangerous World* were published in 2015 and 2013, respectively.
